

**What is the Community Impact Fund (CIF)?**  
 The Community Impact Fund is a grant program designed by the Easton Area Education Association (EAEA). The initial funding for this grant program came directly from personal contributions made by teachers from the Easton Area Schools. This donated money is then awarded in grants to non-profit organizations.

**What is the purpose of the CIF?**

Public funding for social services continues to be cut, the EAEA teachers realized the burdens this placed on local non-profits who are trying to help the children of our area. The teachers want to make a difference in the future of Easton both in and out of the classroom. CIF is another way for the EAEA to help IMPACT the daily lives of our children in the Easton community in a positive way!

A community is like a ship, everyone ought to be prepared to take the helm.
